

VB342

All in one USB ULTRA HD 4K
Huddle Room Camera and Audio

Professional USB, Plug-N-Play Camera Audio in soundbar form factor for Huddle and Small conference rooms

Super sharp accurate color up to 4K

Finally the term “Like looking through glass” can be used. The VB342 uses high quality sensors and multi-lens glass to produce the sharpest and most accurate color ever.

94° wide angle no distortion with 4X zoom

You can zoom in up to 4x minimal quality lost because this is 4K.

Professional tuned bass port stereo speakers

Optimized for communication, voice coming from remote is super natural and smooth.

Elegant streamline clean installation

Cable management and wall mount bracket hide all the cables.

BYOD friendly USB to HDMI TV display

1 USB 3.0 cable to VB342 resolves camera, speakerphone and TV HDMI connection via built-in DisplayLink.

“ AVer’s CAM 340 and CAM 520 already provide exceptionally high-quality video with Zoom Rooms in a variety of room types. AVer’s new VB342 all-in-one camera + audio follows the same high-quality standard, but through its all-in-one design allows a simple plug-and-play setup for Zoom Rooms. We believe this combination will allow our Zoom Rooms customers to enjoy a superior huddle room experience that works right out of the box. ”

- Oded Gal, Head of Product Management for Zoom

Up to 12' voice pick up perfect for huddle space

Advanced array microphones full duplex speakerphone effectively capture audio through the entire room. Support optional expansion microphone if you like to go farther.

165° viewable area from motorized pan and tilt

Easily captures whiteboard on the side wall, up to 3 presets
